IMPORTANT PARKING CHANGES

Suggested parking for October 22 D'Feet Breast Cancer, Inc. breast cancer family "Celebration of Life" event.

Parking is limited in front of the Visitor Center because of a large white tent created for an exhibit Moody Gardens plans on opening in time for the holidays. That entire area is blocked off.

Thank you for your cooperation.

Plan on additional time to get to the event in time for the Opening Event 8:00 - 8:45.

1. Have your team meet you at the Schlitterbahn parking lot (specify North, East, South or West), make a large sign, consolidate your people in fewer cars to then park at Moody Gardens.
2. Park in the West Lot of Moody Gardens. Again, make a large sign so that your team can get together. Walk over to the Visitor Center. D' Feet has a list of all the teams but the Information Tent will NOT know how to find your team if someone comes over to ask. Notify your team members where to meet. The large sign is essential.
