

Each year, we invite the handlers of the Gulf Coast Racing Pigeon Club, under the Direction of Bim Crowder, to come to the D'Feet October event, with their prize racing pigeons. Some of them are treasured snow white with pink stenciled wings.

Each pigeon has a number on it. D'Feet prints "SPECIAL" certificates with these same numbers on them.

A Certificate can be **IN MEMORY OF**, **IN HONOR OF**, **IN CELEBRATION OF**, that someone special. And **NEW** this year, a Certificate can be purchased as a **BREAST CANCER SURVIVOR**

The certificates are for sale in advance or on race day (\$20.00), picked up on race day at the bird certificate tent near the registration tables.

Encased in a plastic sleeve along with 3 pins to be attached to the purchasers back. Walk or run with this certificate on, and after the event, take it off and frame it.

A certificate can be signed by the people walking **IN HONOR OF** or **IN CELEBRATION OF** someone going through breast cancer. It becomes a token of support, of love and encouragement.

A certificate can be signed by the people walking or running **IN MEMORY OF** and presented to the family after the October event. It then becomes a token of endearment.

During the opening events, from 8-8:45am, the handlers release their birds. The birds are released from their cages located near the Visitor Center. Birds leaving their cages fly high over the crowd, circle around and bless everyone below.

Our beautiful singer Jenny Lanier sings "Wind Beneath My Wings". It is a sight to experience and see - not to be missed.
