

# Attention Walkers Pushing Strollers

## Two Options For your Convenience

The 5K walking course takes you on a scenic walk through Schlitterbahn Water Park.

However, the course includes several sets of stairs to get over waterways.

Walkers with strollers will have 2 OPTIONS. When you enter the front entrance of Schlitterbahn - you can (1) Leave your stroller, carry your child through park, and pick it up as you exit Schlitterbahn;

OR (2) AGAIN THIS YEAR: if you wish an alternate walk, not going through Schlitterbahn, you can continue walking straight.

*Volunteers will be there to direct you.*
